The Liberty Tree Memorial, a gift your client will never forget!
A special community occasion is often marked with a tree planting. Our Liberty Tree Memorial program includes a disease-resistant American Liberty Elm (up to 8” caliper), bronze Liberty Tree Memorial plaque and framed Liberty Tree print and Liberty Tree poem by Thomas Paine.
The beautiful, commemorative package is designed to be the centerpiece of a dedication ceremony and a “living legacy” for future generations. Ask for details at:

What is “Design Opportunities”?

National Building News Service has been reporting on the ever-changing Skyline of America since 1964... almost 50 years. We are proud to present this issue of our new publication “Design Opportunities”. Unlike other construction lead services, it features only buildings and renovations under consideration, before selection of an architect or interior designer. Therefore, each project represents an opportunity to be involved in design, construction or management at the earliest phase. Our readers include architects, interior designers, contractors, developers, building owners and managers and the many facilitators such as realtors, insurers, appraisers, brokers, lawyers, etc., plus the manufacturers of building products needed to bring tomorrow’s buildings on line.

Distribution

Design Opportunities is distributed FREE to all Professional and Trade Associations whose members can benefit from this advanced notice of Proposed Building Projects. “DO” is published twice monthly and sent as a PDF file to each subscribing Association for distribution to all its members.

“Live” Message Board - National - Read By 37,000 Designers Nationwide

- It is one column wide with space for 5 business card size ads or messages, one opposite each project as the reader scrolls down the page.
- IMPORTANT: because “DO” is FREE to all professional Design and Trade Association members, your ad, or message, will be seen by those members nationwide, many thousands of them!
- This space is “live” so a click on any ad will take the reader to the advertiser’s landing page.
- Rate: $200 per ad, per insertion.(2” x 3.5”)

“Live” Message Board - Local - Read by Members of Sponsoring Association Only

- These ads appear on the cover and will be directed to the members of a specific association.
- There are 4 spaces (2” x 3.5”) available on the Local Message Board.
- This space is “live” so a click on any ad will take the reader to the advertiser’s landing page.
- Rate: $500 per ad, per insertion.(2” x 3.5”)

Other Services Available...for further information contact Mary / mary@nbnservice.com or 800 500-7276.

Same Day Notification Service is a daily email sent to you with current RFP’s (Request for Proposal) that have been recently released.

Quarterly Preview Edition contains proposed construction projects, before the architect has been selected, and lists those projects with an RFP date of a year or more. The Quarterly Preview allows you to develop a long term relationship with the owners and developers. As the name suggests, the Quarterly Preview is published every 3 months.

Why you need “DO”...

**Build Long Term Relationships**
* Use “DO” to develop long term relationships with the owners/developers of the projects. You can use the owner/developer contact information as a mailing list to introduce your firm or personally contact the owner via phone. This is an easy way to get your information out to a lot of owners/developers you may not have know about without “DO”. Even if the owner isn’t looking for an architect for their project today; take the time to introduce your firm and develop a beneficial relationship with them, so when they do start the architect search your firm is already on their “short list.”

**Expand your Marketing Efforts**
* Use “DO” to see what is going on outside your area of focus to see whether you should be looking at new areas. “DO” will show you where to focus your marketing efforts today so the work can be yours tomorrow.

**Never Miss an Opportunity**
* Use “DO” to make sure you are aware of all the local opportunities available to you and those in the states where you work. Don’t let an opportunity pass by because you weren’t aware of it in time.
* Our Same Day Notification service of Request for Proposals will ensure you never miss an opportunity and allows you to beat the competition.

**Know the Who, What, When and Where**
* Use “DO” as your eyes and ears. Let “DO” tell you who is developing what, when they anticipate choosing their architect and where they are developing the project. Uncovering leads is very time consuming; let “DO” do it for you.

**Let Yourself be Known**
* Use “DO” to reach out to your prospective developers and show them your special skills and capabilities. Placing an ad in “DO” is a great way to be seen by just the right people. Your ad in “DO” contains a live hyperlink which will direct readers to your firm’s email or website with just a mouse click. “DO” can also tell you how many people have clicked on your ad.

**Monitor your Effectiveness**
* Use “DO” to make sure you are aware of all the opportunities available to you. Is your team on top of all the hot prospects? Are you missing out on prime opportunities?

**Analyze the Market**
* Use “DO” to analyze trends in the market. See what types of projects are moving forward; see which developers are proposing projects and see what areas of the country have the most activity.

**Things to Remember**
* When following up on leads be diligent. It takes time and persistence to make that winning proposal.
* Don’t be afraid to think outside the box. Develop those relationships with developers listed in “DO” and the work will follow.

C - Finding Projects By Type...
in alphabetical order by State and City

The Navigation Bar (which appears on every page except the cover) features separate links for:

P-1 PROJECTS: “DO” is reporting for the first time.

P-2 PROJECTS: Have been published in “DO” in the past, with an anticipated RFP within a year.

Dividing each issue of “DO” into these project categories allows direct selection and quick navigation within the publication. An added bonus is this format results in smaller files, allowing for a much faster download.

Clicking on any of these Navigation Tabs will take you directly to category selected. These categories are defined as follows:

- **Entertainment**: Convention or civic centers, arenas, community centers, and casinos.

- **Educational**: Two subcategories: Boarding projects have residential accommodations on campus and Non Boarding projects do not have residential accommodations.

- **Government**: Facilities for occupancy by local, state or federal government officials.

- **Industrial**: Factories, generating stations, sewage treatment, parking and storage facilities.

- **Healthcare**: Hospitals, nursing homes, medical office buildings and research facilities.

- **Mixed Use**: Developments containing multiple components such as residential, retail and office.

- **Renovation**: Projects of any type, being renovated.

The Liberty Tree Memorial, a gift your client will never forget!

A special community occasion is often marked with a tree planting. Our Liberty Tree Memorial program includes a disease-resistant American Liberty Elm (up to 8” caliper), bronze Liberty Tree Memorial plaque and framed Liberty Tree print and Liberty Tree poem by Thomas Paine.

The beautiful, commemorative package is designed to be the centerpiece of a dedication ceremony and a “living legacy” for future generations. Ask for details at: Liberty Tree Society +800-367-3567

The Liberty Tree Memorial, a gift your client will never forget!

A special community occasion is often marked with a tree planting. Our Liberty Tree Memorial program includes a disease-resistant American Liberty Elm (up to 8” caliper), bronze Liberty Tree Memorial plaque and framed Liberty Tree print and Liberty Tree poem by Thomas Paine. The beautiful, commemorative package is designed to be the centerpiece of a dedication ceremony and a “living legacy” for future generations. Ask for details at: Liberty Tree Society • 800-367-3567

I find DO useful because: “It lists projects in planning stages without an architect. I don’t know of any other listing for the private sector projects BEFORE an architect is chosen” RNGA Architecture Inc.

America’s First Flag

These “rebellious stripes” flew atop the famous Liberty Tree in Boston where “Sons of Liberty” hung King George’s Tax Collector in effigy on August 14, 1765.

Celebrate this symbol of Freedom with your own Liberty Tree Memorial: 6 ft tree and personalized bronze plaque.

America’s First Flag

These “rebellious stripes” flew atop the famous Liberty Tree in Boston where “Sons of Liberty” hung King George’s Tax Collector in effigy on August 14, 1765.

Celebrate this symbol of Freedom with your own Liberty Tree Memorial: 6 ft tree and personalized bronze plaque.
