POSITION AVAILABLE
Project Architect | Project Manager

DESCRIPTION
Celebrating its 51st year, Rowland Design is an award-winning studio of talented architects, graphic and interior designers united by one goal: enhancing the lives of our clients. All of our work is rooted in collaboration: Rowland designers, consultants and clients work closely through the design process to achieve the desired outcome. Good design goes well beyond what works for the moment. It respectfully blends contemporary thinking with historic precedent. Enriching user’s surroundings through inspiring and sensitive design solutions motivates our team. A Rowland Design Project Manager requires a respect for our creative process and the ability to sensitively manage the relationships of the creative team members and our clients in a timely, thorough and efficient way.

Ideal Qualifications:
• Successful experience managing complex design projects (4+ years).
• Someone who can understand the big picture of a project and knows the process to get there.
• Someone who can manage multiple projects at the same time.
• Someone who can clearly express the milestones in a schedule and effectively coax team members and clients to completion.
• Someone who understands the need to place our projects in the context of their much larger lives.
• Someone who wants to succeed and wants to contribute to the growth of a thriving workplace.
• Someone who gets to know the unique talents of their team members and can optimally delegate tasks to the best people.

Key Requirements:
• Proficient with Revit, SketchUp and AutoCAD, able to learn other programs such as Ajera easily and use them effectively.
• Have strong communication skills and be able to present yourself professionally to clients and consultants.
• Mentor and develop younger design staff.
• Have a good graphic eye.
• Understand building code and code compliance procedures.
• Have a degree in Architecture, Interior Design or Construction Technology.
