## Graduate Architect

**Position:** Graduate Architect With the ability to be licensed  

**Job Description:** Seeking a full-time graduate architect position within a multi-disciplinary architecture and engineering firm. Duties will focus on architectural design of commercial projects with a focus on light industrial, transportation, municipal, higher education and K-12 work. Project sizes range from $150,000 up to $5 million. Position includes full health care insurance, long-term disability, 401K plan and flexible work environment.

**Qualifications:**
- Bachelor or Master’s degree in Architecture
- NCARB record / certification
- 1-3 years experience

**Required Skills:**
- Experience and proficiency preparing design and construction documents using Revit.
- Understanding of other computer applications used in a professional design office such as Photoshop, AutoCAD and Sketchup.
- A strong work ethic and a drive to exceed client expectations.
- A desire to grow professionally and work towards professional licensure.
- A team oriented professional willing to invest in their future.

**Desired Skills:**
- Strong working knowledge of Revit as a design platform.
- A detailed understanding of computer applications used in professional design such as Photoshop, AutoCAD and Sketchup.
- The ability to develop presentation drawings and renderings.
- Experience in working in a design office/professional setting.
- A LEED Accreditation or ability to earn within 6 months.

**Duties will include:**
- Conceptually working to develop new building and renovation designs.
- Supporting senior architects as part of the design process.
- Attend client meetings and design review meetings with senior architecture staff.
- Developing final construction plans.
- Managing internal deadlines and project needs to ensure deadlines are met.
- Ability to coordinate within a multidisciplinary project team.
- Review work to ensure that quality standards are met.

Etica has a growing architectural team that is seeking individuals motivated to succeed. We have a flexible, family-oriented work environment focused on serving our clients while supporting the well-being of our staff. We strive to provide significant opportunities for career growth, client interaction, and design opportunities for young architects.

Applicants should be aligned to approach solutions with the following behaviors:
- Solve problems proactively
- Follow-up on commitments
- Be willing to work at all levels needed to succeed
